08/23/2018	Replace existing analog cameras as listed above in same locations using same cable. Replace existing DVR as listed above in same location. If network access is given at time of install, we will assist with programming for remote operation. This estimate assumes all existing cable, network, and AC are in working order and are in the locations needed for proper operation. See cut sheets emailed to Tamru			
08/23/2018	CCTV OPTION 3MP Outdoor IR Color Camera, 2.8mm, Turret, 12VDC with labor and cable to add on pool side of clubhouse, per camera. Will add to new power supply. If not enough power, an additional \$70.00 for an additional power supply will be needed. This is unlikely.	0	394.66	0.00
