Follow up from last month

- Tim: Gather info regarding whether or not Greg can install signs to save \$\$.

\*\*Note, not shared during meeting -- Tim forgot that he had gotten a response from Randy (below).

*"With regards to your second question, I have a maintenance person every week, that can install the signage for the Committee.*

*This person already satisfies the HOA indemnification requirements, insurance and liability requirements, workman's comp, etc and provides recourse to the HOA for the work performed, should the signs ever need repaired, moved, or replaced.*

*If the Board has approved the signs and posts, let me know if the Committee is ordering them or if the Committee and Board would like me to order them." - Randy*
